

RANGE COMMANDERS COUNCIL
LIST OF CURRENT DOCUMENTS
SEPTEMBER 2005

RCC Document numbers consist of five digits. The first three digits identify the document and the last two digits indicate the year the document was published. Documents not included on this list are no longer considered current and are not available for distribution. The AD number represents the number used by the Defense Technical Information Center (DTIC) to identify a specific document. (NOTE: if an AD number is not available, it indicates that the document had not been processed by DTIC as of the date this list was revised.)

Documents with *Distribution A* have unlimited distribution and may be downloaded from the RCC private and public pages. Highlighted documents have restricted distribution designations. All restricted documents are available only on the RCC private page or from the RCC Secretariat at rcc@wsmr.army.mil.
